

Pre-GT Instructions

Before you take the Armed Forces Classification Test (AFCT) you will need to take two Pre-GT tests. One is online, and the other is a paper test.

Take the paper Pre-GT in the Multi-Use Learning Facility (MLF). The test will take approximately 1 ½ hours. Contact the MLF staff at 315-772-9993 for current operating hours.

To take the online Pre-GT, follow the steps below:

1. Go to www.petersons.com/army
2. Register for account (bottom left)
3. At the top of the page, click on **Military Test Prep**, then **ASVAB Diagnostic**
4. Click **Start Now**
5. Complete the Diagnostic Tutorial
6. Complete the following three sections and PRINT RESULTS

_____ Arithmetic Reasoning 1

_____ Word Knowledge 1

_____ Paragraph Comprehension 1

IMPORTANT TIPS for online test:

- Avoid using the “how sure are you”, “come back to this”, and the ability to return to a previous question as these options will NOT be available on the actual AFCT.
- Calculators are NOT permitted on the exam, so avoid using them!
- Once you’ve finished the 3 required sections, you are welcome to complete the other 7 sections at your own leisure. The 3 required sections are those that make up your GT score, so those are what we look at.

*******WHEN YOU’VE FINISHED, TAKE YOUR RESULTS FROM BOTH TESTS AND SEE AN EDUCATION COUNSELOR*******
